## FICO Announces Earnings of \$5.18 per Share for Third Quarter Fiscal 2021

Revenue of \$338 million vs. \$314 million in prior year

SAN JOSE, Calif., Aug. 3, 2021 /PRNewswire/ -- FICO (NYSE:FICO), a leading predictive analytics and decision management software company, today announced results for its third fiscal quarter ended June 30, 2021.

### Third Quarter Fiscal 2021 GAAP Results

Net income for the quarter totaled \$151.2 million, or \$5.18 per share, versus \$64.1 million, or \$2.15 per share, in the prior year period. The results included a pre-tax gain of \$92.8 million on the previously-announced sale of the Debt Collections and Recovery product line, or \$2.52 per share after tax.

Net cash provided by operating activities for the quarter was \$100.6 million versus \$106.9 million in the prior year period.

### Third Quarter Fiscal 2021 Non-GAAP Results

Non-GAAP Net Income for the quarter was \$98.8 million versus \$76.7 million in the prior year period. Non-GAAP EPS for the quarter was \$3.38 versus \$2.58 in the prior year period. Free cash flow was \$99.0 million for both the current quarter and the prior year period. The Non-GAAP financial measures are described in the financial table captioned "Non-GAAP Results" and are reconciled to the corresponding GAAP results in the financial tables at the end of this release.

### Third Quarter Fiscal 2021 GAAP Revenue

The company reported revenues of \$338.2 million for the quarter as compared to \$313.7 million reported in the prior year period.

"I'm pleased to report we delivered another solid quarter," said Will Lansing, chief executive officer. "We had another record Scores quarter, and are making great progress in our SaaS transition."

Revenues for the third quarter of fiscal 2021 across each of the company's three operating segments were as follows:

- *Applications* revenues, which include the company's decision management applications and associated professional services, were \$133.2 million in the third quarter, compared to \$141.5 million in the prior year period, a decrease of 6%, due primarily to decreased services revenues, and the sale of the Debt Collections and Recovery product line in early June.
- *Scores* revenues, which include the company's business-to-business (B2B) scoring solutions and associated professional services, and business-to-consumer (B2C) service, were \$172.2 million in the third quarter, compared to \$131.6 million in the prior year period, an increase of 31%. B2B revenue increased 23%, driven largely by unit price increases and higher origination volumes. B2C revenue increased 50% from the prior year period due to higher volumes at myFICO.com, as well as through our partners.
- *Decision Management Software* revenues, which include Blaze Advisor<sup>®</sup>, Xpress Optimization, Decision Management Platform and related professional services, were \$32.8 million in the third quarter compared to \$40.7 million in the prior year period, a decrease of 20%, due primarily to decreased up-front license revenues.

### Company to Host Conference Call

The company will host a webcast today at 5:00 p.m. Eastern Time (2:00 p.m. Pacific Time) to report its third quarter fiscal 2021 results and provide various strategic and operational updates. The call can be accessed at FICO's web site at [www.fico.com/investors](http://www.fico.com/investors). A replay of the webcast will be available at our Past Events page through August 3, 2022.

### About FICO

FICO (NYSE: FICO) powers decisions that help people and businesses around the world prosper. Founded in 1956 and based in Silicon Valley, the company is a pioneer in the use of predictive analytics and data science to improve operational decisions. FICO holds more than 165 US and foreign patents on technologies that increase profitability, customer satisfaction and growth for businesses in financial services, telecommunications, health care, retail and many other industries. Using FICO solutions, businesses in more than 100 countries do everything from protecting 2.6 billion payment cards from fraud, to helping people get credit, to ensuring that millions of airplanes and rental cars are in the right place at the right time.

### Statement Concerning Forward-Looking Information

Except for historical information contained herein, the statements contained in this news release that relate to FICO or its business are forward-looking statements within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are subject to risks and uncertainties that may cause actual results to differ materially, including the impact of COVID-19 on macroeconomic conditions and FICO's business, operations and personnel, the success of

the Company's Decision Management strategy and reengineering initiative, the maintenance of its existing relationships and ability to create new relationships with customers and key alliance partners, its ability to continue to develop new and enhanced products and services, its ability to recruit and retain key technical and managerial personnel, competition, regulatory changes applicable to the use of consumer credit and other data, the failure to protect such data, the failure to realize the anticipated benefits of any acquisitions or divestitures, and material adverse developments in global economic conditions or in the markets we serve. Additional information on these risks and uncertainties and other factors that could affect FICO's future results are described from time to time in FICO's SEC reports, including its Annual Report on Form 10-K for the year ended September 30, 2020 and its subsequent filings with the SEC. If any of these risks or uncertainties materializes, FICO's results could differ materially from its expectations. Investors are cautioned not to place undue reliance on any such forward-looking statements, which speak only as of the date they are made. FICO disclaims any intent or obligation to update these forward-looking statements, whether as a result of new information, future events or otherwise.

## About Non-GAAP Financial Measures

To supplement the consolidated GAAP financial statements, the company uses the following non-GAAP financial measures: non-GAAP net income, non-GAAP EPS, and free cash flow. Non-GAAP net income and non-GAAP EPS exclude the impact of amortization expense, share-based compensation expense, restructuring and acquisition-related, excess tax benefit, and adjustment to tax valuation allowance items. Free cash flow excludes capital expenditures and dividends paid. The presentation of these financial measures is not intended to be considered in isolation or as a substitute for, or superior to, the financial information prepared and presented in accordance with GAAP.

Management uses these non-GAAP financial measures for financial and operational decision-making and as a means to evaluate period-to-period comparisons. Our management believes these non-GAAP financial measures provide meaningful supplemental information regarding our performance and liquidity by excluding certain items that may not be indicative of recurring business results including significant non-cash expenses. We believe management and investors benefit from referring to these non-GAAP financial measures in assessing our performance when planning, forecasting and analyzing future periods. These non-GAAP financial measures also facilitate management's internal comparisons to historical performance and liquidity as well as comparisons to our competitors' operating results. We believe these non-GAAP financial measures are useful to investors because they allow for greater transparency with respect to key measures used by management in its financial and operating decision-making.
